

ADVANCED OBGYN

Elective Ultrasounds

**ALL ELECTIVE ULTRASOUNDS
MUST BE SCHEDULED BY CALLING
256-881-9997.**

PAYMENT IS DUE AT CHECK-IN.

See Baby Scan - \$60

Can be scheduled at any age. Scan is offered to allow parents the opportunity just to see baby.

2D Gender Sneak Peek - \$60

Appointment is scheduled between 16-18 weeks. The purpose of this scan is to attempt to determine the gender of the baby.

4D Ultrasound - \$150

Appointment is scheduled between 26-31 weeks. 3D and 4D Images are provided of baby.

Teddy Bear Add-on - \$35

A recording of your baby's heartbeat can be inserted into a teddy bear of your choice in color.

DISCLAIMER

The quality of your 3D/4D images is largely dependent on the baby's position and cooperation. Our sonographers always try their hardest to capture optimal images, however, sometimes it is just not feasible. To increase chances of getting the best images of your baby, we suggest that you eat a good meal and drink plenty of fluids before you come to your 3D/4D ultrasound appointment.
