

Maternity 21 Genetic Testing Pre-Certification for Labcorp

Visit website <https://womenshealth.labcorp.com/patients/cost-estimator> or scan the QR code below to get started.

SCAN ME

1. On the Cost Estimator page select Pregnancy

Cost Estimator

The Cost Estimator applies to all carrier screening panels and prenatal cfDNA (NIPT) screening offered through Labcorp.

Estimate my cost

If you have received a bill or explanation of benefits (EOB) please contact us at 844.799.3243

The type of test I want to get an estimate for is:

Pre-pregnancy

Carrier screening to help detect the risk of having a baby with a specific inherited disorder, such as cystic fibrosis

Pregnancy

Multiple testing options providing information on the genetic health of your baby during the first and second trimesters

Si usted habla español, comuníquese con un miembro de nuestro equipo llamando al 844.799.3243

2. Choose MaterniT 21 PLUS

Prenatal cell-free DNA screening

[← Back](#)

MaterniT 21 PLUS

A prenatal test that screens for many genetic abnormalities, including trisomy 21 (Down syndrome), trisomy 18 (Edwards syndrome), and trisomy 13 (Patau syndrome). It can also tell you if your baby is a boy or a girl.
